# COMPASSIONATE NATURE

Weka by Tushar Sharma

Kia Ora everyone,

Thanks for reading this 11th issue of the magazine! This edition has some very

creative photographs representing 'Winter' captured by students participating in the first cohort of the 'Borrow a camera, Tell a story' program. This cohort is completing the program in September and our second cohort will start in term 4.

We also share a selection of interesting finds

from the nature reserve workshops at Churchill Park and Dingle Dell, funded by the Orakei local board. Our second Roscommon cohort has just started and we share a few of their cheery pictures.

Be well.

-Tushar

# NATURE RESERVE WORKSHOPS CHURCHILL PARK & DINGLE DELL

We had a great bunch of students participate in these workshops! Here are some of the beautiful pictures they captured to show us the diversity and beauty of our nature reserves. There is so much to appreciate, and a walk on the trails is good for our wellbeing.
